THE SERIES

What Feed The Block is

Post-event Recap · April 2,
2026

Feed The Block is a free, open-air block party series on 6th & Fremont, produced by Wynn Nightlife in partnership with Corner Bar Management. The event turns a single Downtown intersection into a large-scale live stage featuring globally recognized headliners — at no cost to the public — and has been independently measured by Placer.ai as one of the highest-impact activations in Nevada.

*“Downtown Las Vegas’
signature street
festival.”*

In 2025 the series sold out three debut shows — Gryffin, Major Lazer, and Diplo — drawing more than 40,000 combined measured visitors. In 2026 the series expands to ten events, beginning with Marshmello on April 2. Every event to date has ranked #2 in the state of Nevada by foot traffic, and the series consistently captures 50–80% crossover into Downtown hotel-casino properties, delivering measurable economic lift beyond the footprint itself.

Wynn Nightlife × Corner
Bar Management

The air was electric from first note. Unlike traditional nightlife activations, Feed The Block prioritizes the pedestrian experience, utilizing the existing architectural bones of Fremont East to create a 360-degree sensory environment. The collaboration between Wynn Nightlife’s production expertise and Corner Bar Management’s local soul manifested in a night that recalibrated what Downtown entertainment can achieve — and the Placer.ai data confirms what the sidewalks already knew.

THE HEADLINER

Marshmello

Christopher Comstock · American · 2015–present

Marshmello — Christopher Comstock — is one of the most commercially successful electronic artists of the last decade. Known for his signature white marshmallow helmet, he built a global audience through chart-topping crossover hits with Khalid, Selena Gomez, Bastille, Anne-Marie, and the Jonas Brothers. His Fortnite in-game concert remains one of the largest virtual live events ever staged. He headlines the world's biggest festivals year-round and lands consistently in the top tier of streaming, touring, and brand-partnership economics in electronic music.

NOTABLE HITS

“Happier” / “Silence” / “Wolves” / “Friends” / “Alone”

MILESTONES

- Fortnite in-game concert — one of the largest virtual live events in history
- 2021 UEFA Champions League Final opening ceremony headliner
- MTV EMA Best Electronic (2018)
- Grammy nomination — Best Dance/Electronic Album (Shockwave, 2022)
- Multiple iHeartRadio Music Award wins

Atop the Forest House Art Car.

How the night moved.

Using Placer.ai’s proprietary location intelligence, we tracked the specific movement of devices within the Fremont East geofence. The data reveals a deliberate and repeated cross-pollination between the event and nearby hospitality partners — with the CBM anchor property, El Cortez, carrying the overwhelming share of overnight stays.

 CBM anchor — 27.4% of overnight stays

El Cortez Hotel & Casino	27.4%
Golden Nugget LV	6.4%
The D Casino & Hotel	6.2%
Fremont Hotel & Casino	4.9%

EL CORTEZ GOLDEN NUGGET THE D FREMONT HOTEL

The audience skews **35.9 years old**, earns **\$69,307**, and is **34% Hispanic or Latino** — five points above the Nevada baseline.

REGISTERED AUDIENCE

13,584 RSVPs. +30% walk-up.

BLOCKPARTY.VEGAS captured 13,584 free registrations in the 10-day window leading up to the show. Placer.ai measured 17,629 actual visits — a 30% walk-up beyond registered audience, evidence that the activation pulled organic foot-traffic from the corridor on top of its ticketed reach. Demographic detail below reflects the subset of registrants who self-reported each field.
